

Underwater Housing for Sony WX1 W390 W380 W370 W351

Made of 6061 aluminum, 10Bar Housing is a sturdy choice for the Panasonic SONY W-series camera. For those who favour small cameras, it is the ideal housing to suit their needs. It is equipped with full-function control buttons, connector for external flash and interchangeable ports for conversion lens. The acrylic back cover allows taking pictures and checking on the camera much easier. For closure, the double o-rings and key-hole lock design provide ease of use and added security. Now you can use small cameras with the feel and function of professional housings.

**The positions of the buttons of different models may vary slightly. Please specify the model required and check for compatibility when place order.
