

Underwater Housing for FUJIFILM FinePix REAL 3D W1

The sturdy aluminum housing is specially designed for the FinePix REAL 3D system, the world's first three dimensional (3D) digital imaging system, allowing users to enjoy 3D images without using special 3D glasses. With the full function buttons and control for the camera, now photographers can take 3D photos and movies underwater with the 10 Bar.

Double O-rings

Key hole lock

Key hole lock (back)
